EXPLODING OIL TANK
BADLY BURNS FIREMAN

H. M. Agnew, a fireman on one of the Santa Fe oil burners out of Winslow, was badly burned on Wednesday while out on his run by the oil tank on the engine exploding. The unfortunate fireman was covered by the burning oil by the explosion, and before the flames could be extinguished, his face, breast and arms were blistered. He was brought to the company hospital in this city last night for treatment. The surgeons at the hospital state that his injuries are not likely to prove fatal, and it is their intention to prevent the burns from disfiguring him for life.

Traveling Engineer John A. Ross, of the Santa Fe, arrived in the city last night from Las Vegas and spent the day here on official business.

Jack Johnson, W. W. Crista and H. Pendergraft are under arrest at Portales, charged with the larceny of old railroad ties from the right of way of the Pecos Valley road. Deputy Sheriff W. E. Tipton made the arrest.

It is said that the Santa Fe has just established five experimental farms to be located at the following Texas points: Matagorda, Alvin, Seale, Kopper and Gainesville. The purpose of these farms is to show to the prospective settlers the possibilities of the soil.

General Superintendent R. J. Parker of the Santa Fe, accompanied by C. M. Taylor, superintendent of motive power on the western grand division, arrived in Albuquerque last night from the east and left on No. 27 for a trip over the Rio Grande division.

When the big engines get here and are once in successful operation on regular trips, the number of train crews stationed at division points along the line will be cut down considerably for the reason that the monster engines will pull much heavier trains.

The Las Vegas Optic says: There are at least 7,000 tons of coal piled up in the lower part of the local railroad yard, and more of the black diamonds coming daily. The fuel is being "stored" here for use in case of emergencies.

The Denver & Rio Grande Railroad company vs. eight property owners in San Juan county, for the condemnation of land for the right of way of the road, is the title of a suit just filed in the First judicial district court for San Juan county.

In the case of the territory of New Mexico vs. the Denver & Rio Grande railroad, for the payment of tax levies made by the board of county commissioners of Taos county, decision was rendered in favor of the plaintiff, and the defendant ordered to pay the county of Taos the sum of \$314.43.

An alarm of fire was sent in at 7:30 o'clock last evening from the freight house. The shop whistle blew and when the city fire department turned out, many thought it was a second alarm that had been turned in. A crowd of several hundred people were soon on the scene, but it proved to be a false alarm.

According to reports the Santa Fe is going to abandon the chair car. A large number of day coaches of improved pattern, built with iron bottoms and vestibules, are under construction. A majority of the traveling public appear to think the chair car has failed to fulfill its promise of comfort. The day coach with wide seats, especially if every passenger can possess a whole seat, beats the chair car hands down, so ring out the new, ring in the old.

That excellent paper, the Topeka Journal, is stretching itself to give Albuquerque notoriety. For instance, here of late, an "Albuquerque" date is adhered to some of its railroad articles when the news pertaining thereto are unknown here. No one here is author of an item to the effect that "the Union Pacific has completed an important experiment on the Wyoming division, an exhaustive trial of a simple device called a tie tamper." Credit should be given, no doubt, to some Wyoming town, for Albuquerque is not on the Wyoming division of the Union Pacific.

DEATH SENTENCE FOR
A MEXICAN JUDGE

News has reached Nogales from the state of Sinaloa, Mexico, that Judge Hermelino Torres has been sentenced to death for the murder of Clarence Way and Edward B. Latimer, says the Oasis.

Way and Latimer were murdered at Aguascalientes, July 19, 1904. The killing was done by Mexican policemen who were sent by Judge Torres to arrest Way. The cause of the trouble was shown to have been very trivial. Way, who was not personally acquainted with the judge, passed him on the street the day preceding the killing, without saluting him. Torres, who was intoxicated at the time, took offense at what he regarded as a slight.

The next morning he sent two armed men to Way's house to arrest him. Way met them at the door, half dressed, and told the men he would accompany them after dressing and having breakfast. They insisted upon him accompanying them at once, and took hold of him. Latimer, who was in the house, heard the altercation and went to Way's assistance. One of the policemen shot Latimer down and then turning his rifle on Way, shot him twice, killing him instantly. Latimer died half an hour later.

It was shown at the trial that Judge Torres had no cause to order the arrest of Way, and that the man who did the shooting, and his companion, were under orders from Judge Torres to bring in the Americans dead or alive. The policeman who did the shooting was executed for the crime, and his companion was given eight months' sentence and fined \$200.

Torres was arrested at the time, and sentenced to eight months' imprisonment and a fine of \$500, but Americans and other foreigners in the state of Sinaloa took the matter up, and through the United States minister at the City of Mexico, demanded a new trial and just punishment for the judge, who was the real instigator of the murder.

The death sentence passed upon Judge Torres by the supreme court of the state is the result of their demands for justice.

Forced to Starve.
B. F. Leek, of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful sometimes that I could not eat. After vainly trying everything else, I cured it with Buckle's Arnica Salve. It is great for burns, cuts and wounds. At all drug stores; only 25c."

DANGEROUS GERMS IN SUMMER

Strengthen the stomach with Mi-o-na and keep well

A wealthy philanthropist in New York spends thousands of dollars every summer providing milk for the babies, with the result that the mortality is greatly decreased. He appreciates the fact that disease germs are common in the summer and that the stomach must be kept healthy to resist their attacks.

Older people do not live on a milk diet to insure health, but they can so strengthen the stomach and digestive organs by the use of Mi-o-na that they

too, will be free from sickness in the summer season.

Mi-o-na restores complete health to the whole system and cures headaches, backache, sleeplessness, pains and distress after eating, vertigo, heart burn, and the general debility which result from a weak stomach and imperfect digestion.

A guarantee to refund the money if Mi-o-na does not show help, is given with every 50 cent box. Ask J. H. O'Reilly & Co., to show you the guarantee.

NEW RULING OF
TERRITORIAL BOARD

The territorial board of education of Arizona has decided regarding the granting of diplomas, that:

1. The candidate must have been successfully engaged in teaching for at least ten years.
2. The aggregate number of months taught in the said ten years must be at least seventy.
3. The said ten years of teaching must be comprised within the four-year term immediately preceding date of application.
4. The applicant must pass an examination in pedagogy, history of education, social economy and school government.

Bernalillo County Refunding Bonds. Notice is given that the board of county commissioners of Bernalillo county, New Mexico, will receive sealed bids up to 12 o'clock noon, on July 24, 1905, for seventy thousand, four hundred dollars, (\$70,400), of refunding bonds, bearing not more than 5 per cent interest, to be dated July 1, 1905, subject to call after twenty years, and payable thirty years from their date. Each bid should be accompanied by a certified check for \$1,000 as a guarantee that the bonds will be taken if bid is accepted. Full information can be had upon application to the clerk of the board. By order of board.

JAMES A. SUMMERS,
Clerk.
Albuquerque, N. M., July 7, 1905.

Luz Gallegos, a pensioner, 73 years old, and totally blind, was thrown from his buggy on the road from Puerto de Luna to Santa Rosa, and quite seriously hurt. He is being nursed back to health at the home of Pedro Griego.

For Over Sixty Years.
An old and well tried remedy—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures colic, and cures the worst case of Diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

James Woodland, of White Oaks, has the contract for putting up the Meyers plant in the Jicarillas. Most of the machinery has arrived and the work will be pushed as rapidly as possible.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend the rest in living expenses for every dollar saved. This being the case, he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by all dealers.

Prof. J. J. Criswell, of Alamogordo, will go to Washington, D. C., October 1, to enter the Columbia university and will make a lawyer out of himself.

Indigestion Cured.
There is no case of Indigestion, Dyspepsia or Stomach Trouble that will not yield to the digestive and strengthening influence of Kido's Dyspepsia Cure. This remedy takes the strain off the stomach, restores its normal action, and it rests until it grows strong again. Kido's Dyspepsia Cure affords quick and permanent relief from indigestion and all stomach troubles, builds up the system and so purifies that disease cannot attack and gain a foothold as when in a weakened condition. Sold by all druggists.

When in Santa Rosa last week, Brown Harris told of sinking a well on his claim northeast of Fort Sumner to a depth of 100 feet, and striking an abundance of excellent water, which rose within twenty-eight feet of the top.

NOTICE.

On and after August 1, the office of the Albuquerque Gas, Electric Light & Power company, which has been located at the corner of Railroad avenue and Broadway, will occupy the rooms in the Gleason block, at the corner of Gold avenue and Fourth street.

N. A. Baker, of Prescott, Ariz., formerly manager of the "Bells of Arizona" company, leaves tonight for the north to become a member of the Noble Dramatic company.
